

CITY OF  
**VIRGINIA  
BEACH**

## **CYBERSECURITY ANALYST SKILLBRIDGE INTERNSHIP**

This internship provides transitioning military members with an opportunity to learn all aspects of what it means to be a Cyber Security Analyst. As a Cyber Security Analyst Intern, you will be exposed to what is required to embark on a meaningful career that empowers you to protect the IT systems of the City of Virginia Beach. You will receive comprehensive training and mentorship from seasoned professionals to prepare you for success. You will have an opportunity to work in a supportive team environment. The Virginia Beach Information Technology department is where you can make a lasting impact while growing personally and professionally.

### **Duties include, but are not limited to:**

- Understanding principles of network and security operations, policies, and terminology as well as cybersecurity best practices and concepts.
- Use computer software tools, applications, and other technologies to perform basic duties including facility monitoring, computer operations, incident management, written communication, documentation, and reporting.
- Communication skills to effectively interact with co-workers and members of other City departments.
- Providing quality customer service, problem identification and solving, documentation and resolution.
- Critical thinking Skills.
- Learn and use new technologies to retain skills required to perform operational duties.

### **Minimum Qualifications:**

- Must be on active military duty with Skillbridge eligibility.

### **Application Process:**

Eligible transitioning veterans will need to complete an application for the SkillBridge Program (Requisition 45107) by visiting [www.virginiabeach.gov/careers/military-skillbridge](http://www.virginiabeach.gov/careers/military-skillbridge). If you have any questions regarding this posting, please contact [HRRecruit@vbgov.com](mailto:HRRecruit@vbgov.com).
